

A MUCH DESERVED 'THANK YOU'

The NOSB regional and national competitions would not occur each year without the dedication of our Regional Coordinators, 1,500 volunteers, and the team coaches that contribute their time, energy and overall knowledge.

This year NOSB is celebrating its 15th anniversary and we would like to thank all of the individuals who have played a key role in making NOSB the success it is today. We would like to offer a special thank you to all the individuals who have not only been part of the NOSB community, but have made NOSB an intricate part of their lives – participating in the program for ten or more years. The list is extremely impressive, with the names of more than 200 individuals. It truly speaks to their passion for this program and to their commitment to our overall goal of encouraging students to find their love of science and math through the study of the ocean.

Thank you for your dedication to ocean science education and making NOSB a wonderful program!
