

NATIONAL OCEAN
SCIENCES BOWL

National Ocean Sciences Bowl

SCOREKEEPER

What Do I Do?

1. Set up

- Set up score sheet on flipchart

2. Understand where to place points

- Use a cumulative tally

3. Toss up questions = 4 points

Bonus questions = 6 points

Team Challenge questions = up to 20 points

4. Running & Cumulative Tallies:

When the Science Judge announces the results of the team challenge questions, add points (as appropriate) above the double line. Total the results of the team challenge questions and add that number to the buzzer portion for a “running total”. **REMEMBER:** BOTH teams may win points on a Team Challenge Question, including partial credit.

5. Scoring Matrix for Toss Up Questions:

TYPE OF RESPONSE	Correct Answer	Incorrect Answer
Recognized	+4	0
Interrupt	+4	-4
Blurt	0	0

5. At end of game

- Announce the final scores.

TEAM A		TEAM B	
4	4	4	
6	10	6	10
-4	6	4	14
		6	20
TCQ #1		TCQ #1	
10		5	
TCQ #2		TCQ #2	
15	25	10	15
TCQ	25	TCQ	15
Buzzer	6	Buzzer	20
Subtotal	31	Subtotal	35
4	35	4	39
6	41	4	43
-4	37	6	49
Final	37	Final	49
